Introduction

Education is key to protecting the integrity of Australian sport. Sport Integrity Australia (SIA) and Polocrosse Australia are committed to working together to mitigate and manage integrity threats to provide a safe and fair environment for participants at all levels of sport.

This Education Plan has been developed in partnership with SIA, who will support this plan through the provision of education resources and interventions as and where possible. It outlines the required and recommended education interventions for all members of Polocrosse Australia to facilitate compliance with the National Integrity Framework policies, Polocrosse Australia Anti-Doping Policy and the World Anti-Doping Code International Standard for Education (ISE).

Anti-doping

Under the ISE, Sport Integrity Australia is required to ensure specific cohorts receive anti-doping education - either via online or face-to-face education. A key principle of the ISE is that athletes should receive education prior to being tested.

To satisfy these requirements, the following cohorts are required to receive anti-doping education:

- Any athletes included in Registered, National or Domestic Testing Pools;
- Any athletes and support personnel* competing or involved in International or Declared events, championships or competitions;
- Any athletes and support personnel* competing or involved in leagues subject to User Pay testing;
- Any athletes and support personnel* returning from an Anti-Doping Rule Violation sanction.

The education requirements of cohorts outside of these categories are tailored to the unique environment of Polocrosse Australia, which is outlined in the following attachments:

Attachment A - Required and Recommended Education – Outlines the anti-doping education requirements and recommendations for Polocrosse Australia members, categorised by membership type and competition level.

*Support Personnel includes any coach, trainer, manager, agent, team staff, official, medical, paramedical personnel, parent or any Other Person working with, treating or assisting an Athlete participating in or preparing for sports Competition. See articles 1.3.1.1 and 1.3.1.2 of anti-doping policy for further information.

National Integrity Framework

The topics outlined in this Education Plan provide a structured approach to educating members and key stakeholders about Polocrosse Australia's integrity policies and Sport Integrity Australia's independent complaints process.

Polocrosse Australia is responsible for ensuring education is provided to specific cohorts to help participants in the sport become familiar with their obligations under the National Integrity Framework.

Commitment

Sport Integrity Australia will provide:

- Access to a range of free online integrity education materials
- A suite of resources to promote education, including social media tiles, posters, videos and digital resources;
- Government-funded or user pay face-to-face/webinar education sessions;
- Assistance with eLearning completion reports for Polocrosse Australia.

Polocrosse Australia will be responsible for:

- Mandating the completion of education requirements as outlined in **Attachment A**;
- Promoting recommended education interventions as outlined in **Attachment A**, by providing resources to State Sporting Organisations (SSOs) and Clubs, and promoting education in communication materials; and
- As appropriate, coordinating face-to-face education sessions with Sport Integrity Australia, including providing adequate facilities and support.

Education Plan Compliance Model

The following criteria will be used when assessing education implementation for the purpose of ensuring compliance with the Australian National Anti-Doping Policy (Articles 12.1, 12.2, 12.4 and 17) and the Australian Sports Commission Sport Recognition Agreement.

- Polocrosse Australia communicates effectively and efficiently with Sport Integrity Australia to develop and implement this plan;
- Polocrosse Australia promotes education to relevant members – as evidenced via emails, newsletters, social media posts, and event packs etc; and
- Polocrosse Australia prioritises monitoring of and compliance with the required education outlined in **Attachment A**.

For the purpose of the Sport Integrity Australia Sport Assurance Framework Polocrosse Australia may be asked to provide evidence of how they have implemented this plan at various levels (e.g. by providing copies of emails to SSOs, social media posts tagging Sport Integrity Australia, newsletters, etc). The Education Plan will be reviewed annually, or as necessary to assess implementation and compliance, allow for changes in response to any evolving threats, and to incorporate new education resources developed by Sport Integrity Australia.

Conclusion

This Education Plan is a partnership between Sport Integrity Australia, who will support this plan through the provision of education resources and interventions, and Polocrosse Australia, who is responsible for implementing this plan within their sport. Through this plan, together we aim to provide a safe, fair environment for members and participants of all levels of sport and reduce anti-doping rule violations, either deliberate or inadvertent, protect the health and wellbeing of all members, and uphold the integrity of Polocrosse Australia.
